Mansfield Secondary College is looking forward to another great year of teaching and learning and would like to advise you of Mansfield Secondary College's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that contributions are voluntary. Nevertheless, parent payments are a valuable contribution to enhancing and enriching the educational experience for all of our students. Ongoing support will make a significant difference to our school and the programs we offer.

Previous years' parent payment support has allowed us to:  
- offer a wide range of subjects and curriculum experiences  
- purchase air-conditioners for the new STEAM building  
- purchase equipment, materials and resources for classrooms including but limited to: robotics, food technology, science pracs, wood technology, art materials, 3D printing  
- purchase other equipment, materials and resources including library books, sports equipment, music instruments  
- provide access to ICT resources  
- maintain school buildings and grounds  
- make ground improvements, including the entrance rock wall built in 2021.
